Frontend Web Developer Internship at Vidio
Gunung Kidul

Summary

I am a eighth semester of Telecommunication Engineering student at Telkom University. I have basic knowledge on networking and cloud computing through my degree. I am a self thought programmer, my determination and dedication is highlighted by my future goals of being a full stack developer that I do learn until right now. I am now looking to further develop and use my skills in a year in industry placement, specifically in Web development and Cloud Computing. And I interest in art, especially in graphic design, photography, and videography.
